SOUTHERN DISTRICT OF NEW YORK

Martin S. Gottesfeld, pro se,  
Plaintiff  
- against -  
Hugh J. Hartz, et al.

Case No.: 18-cv-10836-PGG-GWB

MOTION TO AMEND ~~THE~~ DOCKET ENTRIES

Plaintiff Martin S. Gottesfeld (herein the "plaintiff"), acting pro se hereby moves The Honorable Court pursuant to Houston v. Lack, 489 U.S. 266 (1988) and Castro v. United States, 540 U.S. 375 (2003), to order The Clerk of The Court to amend the instant docket as described infra.

In support of this motion, the plaintiff herewith provides and moves The Court pursuant to Fed. R. Evid. 201(c)(2) to take mandatory judicial notice of Exhibit 1 hereto, Declaration of Martin S. Gottesfeld (Monday, January 27th, 2020); Exhibit 2 hereto, proof of mailing and postage for the three (3) entirely-missing filings enumerated in Exhibit 1 hereto at 1 ¶ 7 on Sunday, December 2nd, 2019; and Exhibit 3 hereto, proof of service of the three (3) entirely-missing filings, as indicated by the plaintiff in D.B. 130 at 4.

The plaintiff herewith provides in this same mailing ~~and~~ his copies of the three (3) entirely-missing filings and all the exhibits thereto enumerated in Exhibit 1 hereto at 1 ¶ 7. The plaintiff moves The Court pursuant to Houston v. Lack and Exhibit 1 hereto at 2 ¶ 8 to order The Clerk of The Court to

enter each of these three (3) filings ~~but~~ onto the instant docket with a filing date of Sunday, December 22nd, 2019. Please see the arguments regarding the prison-mailbox rule contained in the plaintiff's ~~reply~~ concurrently-filed reply to D.R. 133 regarding his motion for sanctions, D.R. 134. The plaintiff hereby reincorporates those arguments herein by reference.

The plaintiff notes Exhibit 1 hereto at 2 ¶ 10 and moves The Court to order The Clerk to amend docket entry 132 so as to include the herewith-provided until-now-missing pages as page 2 thereof.

The plaintiff notes that docket entry 148 pages five (5) and six (6) are out of order and moves The Court to order The Clerk to swap these pages.

The plaintiff notes that docket entry 130 at 4 belongs as its own independent filing and he moves The Court to order The Clerk to place it onto the docket as such with a filing date consistent with the prison-mailbox rule.

Finally, the plaintiff notes that he no longer needs The Clerk of The Court to mail him a copy of D.R. 121, as requested in the plaintiff's January 15th, 2020, MOTION TO AMEND DOCKET ENTRIES. The plaintiff notes, however, that he still needs a copy of D.R. 913.

Respectfully filed/refiled on Monday, January 27th, 2020.

Martin S. Gottstedt, pro se

Exhibit 1Declaration of Martin S. Gottesfeld:

I, Martin S. Gottesfeld, declare that the following is true and correct under the penalty of perjury under the laws of The United States pursuant to 28 U.S.C. § 1746 on this 27th day of January, 2020:

1. I am Martin S. Gottesfeld and I am the sole plaintiff in the case of Gottesfeld v. Hurwitz, et al., 18-cv-10836-PGG-GWG (herein "the case"), currently pending before The Honorable U.S. District Court for The Southern District of New York (herein "The Court").

2. Today I received two (2) pieces of mail from my wife.

3. These were the first pieces of mail from my wife that agents of the Defendants and their counsel in the case (herein "these agents") delivered to me in over a week.

4. The first was sent Priority Mail 2-Day<sup>®</sup> on Friday, January 17th, 2020, using tracking number 9505 5145 7859 0017 7209 98, and was marked by the USPS, "EXPECTED DELIVERY DAY: 01/21/20."

5. Based on my training and experience as a CMU prisoner, these agents left markings on the mailing label of the first piece of mail that are meant to lead me to believe that it was indeed received at the FCI mail room on Tuesday, January 21st, 2020, but not delivered to me until six (6) days later.

6. The first piece of mail contained copies of docket entries of 127-135 in the case, and I had not previously seen docket entries 127-134.

7. Based upon the mailing dates of docket entries 132-133,

Page

The following three (3) filings are missing from the docket of the case: (1) REVIEWED MOTION FOR COPY OF GOVERNMENT'S LETTER; (2) MOTION TO COMPEL AUDIO AND VIDEO RECORDING(S) OF FORCED-FEEDING(S), and exhibits 1-d thereto; and (3) CLAIM FOR MANDATORY JUDICIAL NOTICE (F.R. Evid. 201(c)(2), and exhibits 1-6 thereto.

8. Each of the above three (3) filings was mailed to The Court in accordance with the postman-mailbox rule of Houston v. Lack, 487 U.S. 266 (1988), in an envelope bearing sufficient affixed pre-paid first-class U.S. postage and headed to Ms. J. Wheeler of the FCI Terre Haute CMU unit team, acting in her official capacity as agent of the defendants in the case, on Sunday, December 22nd, 2019, or the first opportunity thereafter. Please see Exhibit 2 hereto.

9. Each of the above three (3) filings was served upon counsel for the defendants in the case as indicated by me in docket entry 130 at 4 and Exhibit 3 hereto.

10. Upon reviewing docket entry 132, I noticed that the first page of Exhibit 1 thereto is missing and my wife also mentioned this in her cover letter to me. This page was not missing when I turned over custody of that filing to these agents, and indeed when these agents made ~~a~~ a copy of that filing prior to mailing it to The Court, the ~~now~~ now-missing page was copied. I am including this copy herewith. It is marked "Exhibit 1" but it is not Exhibit 1 of this filing.

11. The second piece of mail I received today from my wife was sent on Saturday, January 18th, 2020, via Priority Mail 2-Day<sup>®</sup> with tracking number 9505 5145 7857 0018 5156 01 and was marked by the USPS, "EXPECTED DELIVERY DAY: 01/21/20."

12. Based upon my training and experience as a CMU prisoner, these agents left markings on the envelope of the second piece of mail that we meant to lead me to believe that it too was indeed received at the FCI mail room on Tuesday, January 21st, 2020, but not delivered to me until six (6) days later.

13. The second piece of mail included a copy of docket entry 121, which I had not previously seen, and I do assent to its filing by Mr. Demetrius Hill because as described therein we have each faced similar retaliation by these agents after bringing suits in The Court regarding the MCC NY SHU and I believe Mr. Hill's experiences corroborate my own and support class certification.

14. I am unsurprised given the contents and timing of the until-now-missing CLARENCE FOR MANDATORY JUDICIAL NOTICE and can herewith that this mailing went missing. Please see docket entry 2 at 11 & 21. I expect this will continue so long as The Court allows it. As countermeasures to try to ensure these Filings make it this time, I will tell my appellate lawyer when I speak to him tomorrow to expect these Filings and I will also send a separate NOTICE OF FILINGS to reduce plausible deniability for these agents.

15. This filing and all of its accompanying exhibits and documents were filed in accordance with the prison-mailbox rule of Houston v. Lack, by mailing to The Court in an envelope bearing sufficient affixed pre-paid first-class U.S. postage and headed to Ms. J. Wheeler of the FCI Terre Haute CMU unit team, acting in her official capacity as an agent of the defendants in the case, on Monday January 27th, 2020, or the first opportunity thereafter.

I declare that the foregoing is true and correct under the  
penalty of perjury under the laws of The United States.  
Executed on Monday, January 27th, 2020.

I, Martin S. Gottesfeld, declare that the following is true and correct under the penalty of perjury under the laws of The United States on this 3rd day of January, 2020:

7. Indeed, even when the blood-pressure machine audibly alarmed twice, once upon each reading of my blood pressure, there was no attempt at follow-up care, no ECG, and I was instead placed back in my cell.

8. I declined for the first time this morning to have my blood pressure taken because the custody staff here escalated their coercive and intimidating behavior—in marked difference to the previous days—during and before my

RENEWED MOTION FOR COPY OF GOVERNMENT'S LETTER

Plaintiff Martin S. Gottesfeld (herein the "plaintiff"), acting pro se, hereby renews his motion for The Honorable Court to order The Clerk of The Court to mail to the plaintiff a copy of the government's previous March 21st, 2019, ex parte filing, referenced by The Court in its order at docket entry (D.E.) 66 at 4 as "Govt. March 21, 2019 Ltr (Dkt. No. 65)".

The Court granted the plaintiff's previous motion for exactly such an order on December 10th, 2019. D.E. 109.

The defendants then filed D.E. 110 and served upon the plaintiff D.E. 110-1, which the plaintiff is unable to compare to D.E. 65.

The Clerk of The Court then mailed to the plaintiff a copy of D.E. 109, accompanied by a copy of D.E. 108 instead of D.E. 65.

The plaintiff regrets the confusion, but he is yet to see and he still wishes to see, D.E. 65.

To avoid any further confusion and hopefully put this pre-trial matter to rest, the plaintiff clarifies and renews his motion for The Court to order The Clerk of The Court to mail to him a copy of D.E. 65. The plaintiff thanks The Court and The Clerk for their attention to this mundane matter.

The plaintiff hereby reincorporates herein by reference Exhibit 1 to his some-dated motion to compel at 2 ff 7.

Case No.: 18-cv-10836-PGG-GWG

MOTION TO COMPEL AUDIO AND VIDEO RECORDING(S)  
OF FORCED-FEEDING(S)

Plaintiff Martin S. Gottesfeld (herein the "plaintiff"), acting pro se, hereby moves The Honorable Court to order the defendants and their parties in privity to take audio and video recordings of any and all procedures in which they force-feed the plaintiff so that The Court can evaluate the Constitutionality or lack thereof of the procedure(s), and the use of threats to carry out the procedure in order to chill the exercise of First Amendment rights.

Threats by these defendants and their agents to force-feed the plaintiff were seminal to the instant case and have been in controversy since its inception. Docket entry (D.E.) 2.

The medical profession now condemns the procedure and those who carry it out, while granting ethics awards to practitioners who refuse direct orders to violate patient consent. Id.

To the plaintiff's knowledge, no federal court has ever passed judgment on audio and video recording of the force-feeding procedure being carried out by agents of The Federal Bureau of Prisons and no such recording has ever been entered into evidence or sealed on a public docket. The plaintiff herewith provides and moves The Court pursuant to Fed. R. Evid. 201(c)(2) to take mandatory judicial notice of Exhibit 1 hereto, Declaration of Martin S. Gottesfeld, in which the plaintiff waives for all time any and all right to privacy that may arise from the public docketing of any video(s) of agents of the

instort defendants force-feeding the plaintiff and notes the futility of any attempt through the preemption or suppression of any such audio and video recording to stop the publication of the identities of the particular agents carrying out or otherwise facilitating the procedure; and Exhibit 2 hereto, the plaintiff's notification to agents of the instort defendants of the filing of the instort motion.

In the plaintiff's recollection, in a similar situation, a U.S. District court judge ordered the recording of the execution of a death sentence in The State of California using a gas chamber, and that recording led directly to The Court striking down as unconstitutional California's gas-chamber death-penalty protocol. But how many condemned citizen's ~~rights~~ Constitutional rights were violated in their dying moments using an instrument of death favored by the Nazis to commit genocide, before The Court was presented with the objective evidence that made undeniable the true horror of America's use of the gas chamber?

Decades later, force-feedings are carried out in both ~~the~~ Federal and state/local correctional and ~~detention~~ detention facilities across the country. It is used against activists, protesters, pro se litigants, pre-trial detainees, and the mentally ill. Rarely, if ever, used to preserve life, it is employed to quell political speech and protest through humiliation, intimidation, coercion, degradation, and retaliation ~~of the utterly powerless and voiceless~~ against the utterly powerless and ~~the time is over~~ utterly voiceless.

The time is over ~~the~~ ~~passed~~ to determine whether the procedure and its proponents can withstand the intense heat of the judicial crucible - or if the procedure will melt away in the adversarial process and leave behind ~~less~~ in ~~uncivilized methods~~ its place less-civilized methods, just as happened in California.

At this juncture, the plaintiff explicitly notes Exhibit 1 hereto at 2 ¶7.

Declaration of Martin S. Gottesfeld:

I, Martin S. Gottesfeld, declare under penalty of perjury under the laws of The United States pursuant to 28 U.S.C. § 1746(1) that the following is true and correct on this 22nd day of December, 2019:

1. I am Martin S. Gottesfeld and I am the sole plaintiff in the case of Gottesfeld v. Hurwitz, et al., 18-cv-10836-PGG-GWG Cheren "the case", currently pending before The Honorable U.S. District Court for The Southern District of New York Cheren "The Court".

2. I am a national political journalist and my writing has appeared at The Huffington Post, Newsweek, The Daily Mail, RT, Red State, World Net Daily (WND), Shreduprat Press, Info Wars, The Western Journal, and The Intercept.

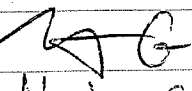

3. I am an imprisoned human-rights advocate and my advocacy has been featured by Michelle Malkin, Rolling Stone, The New American, Sirius/XM's The Wilkow Majority, The Daily Wire, The Daily Caller, and John Kiriakou.

4. I hereby waive for all time any and all rights to ~~protect~~ the privacy of any audio and video recordings depicting agents of the defendants in the case force-feeding me whether or not such right(s) arise from HIPAA, The HITECH ACT, FOIA, or The Eighth Amendment and I do so voluntarily and knowingly so that the dissemination of any such recordings can advance the causes of human rights, prisoners' rights, patients' rights, and a better-informed public conscience.

5. As a medical patient in any such force-feeding procedure(s) and as a litigant thereafter I have an absolute unbridgable right to know the names of all of the medical professionals who treat me and regardless of The Court's ruling on the motion to which this declaration is attached I will, consistent with my longstanding treatment of human-rights controversies, and role as a national journalist, widely and publicly disseminate the names of such medical professionals and commence in good faith litigation and state-licensing complaints against them and their superiors, which I would also publicize.

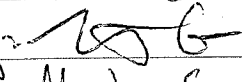

6. Suppression from the public of any such video and audio recordings can thus not serve to shield the identities of the relevant medical professionals, because I would publish them anyway. Sealing such recordings would be pointless.

To: FCI Terre Haute Medical and Legal Departments  
Date: Sunday, December 22nd, 2019  
Subject: Notice of Motion to Compel

Salutations FCI Terre Haute Medical and Legal Departments,

I hope you are well.

Please be advised that I have filed a motion in the case of Gottesfeld v. Hurwitz, et al., 18-cv-10836-PGG-GWG (S.D.N.Y.) seeking The Court to order the audio and video recording of any and all procedures in which the Federal Bureau of Prisons (FBOP) force-feeds me.

Should FCI Terre Haute force-feed me prior to the adjudication of the motion, it would likely be prudent to record and preserve against spoliation or other loss the audio and video of any such procedure(s) so as not to hinder The Court's access to evidence relevant to the ongoing litigation of the case.

Thanks,

## Declaration of Martin S. Gottesfeld:

I, Martin S. Gottesfeld, declare that the following is true and correct under the penalty of perjury under the laws of The United States pursuant to 28 U.S.C. § 1746(a) on this 22nd day of December, 2019:

1. I am Martin S. Gottesfeld and I am the sole plaintiff in the case of Gottesfeld v. Hurwitz, et al., 18-cv-10836-PGG-GWG-Cheren "the case", currently pending before The Honorable U.S. District Court for The Southern District of New York Cheren "The Court").

2. I am in the special-housing unit (SHU) inside the Federal Correctional Institution Terre Haute, Indiana Cheren "FCI-THA") communications-management unit Cheren "CMU"), where agents operating under both the defendants in the case and their common counsel placed me in administrative segregation on Monday, December 9th, 2019, in brazen and blatant retaliation for my litigation and my ~~re~~ litigation-related activities.

3. This is at the least the third (3rd) such set of retaliatory acts carried out by these same agents despite the watchful eye of The Court.

4. Once again, there has been no administrative-detention hearing, so once again these agents are violating 28 C.F.R. § 541.26(b) and The Due Process Clause of The Fifth Amendment, just as gave rise in part to the case. Please see check entry 20 CP.2.) 101-7 at 27.

5. Interesting events that are relevant to the case transpired here on Friday, December 20th, 2019, and Saturday, December 21st, 2019.

6. I have formally requested the preservation against spoliation or other loss of the audio and video surveillance recordings of these events for admission in the case. Exhibit 2.

7. Based upon my years of training and experience as an imprisoned national political journalist covering DOJ misconduct for publications that include The Huffington Post, Red State, World Net Daily (WND), Info Wars, The Western Journal, and The Intercept; as an imprisoned human-rights advocate featured by

The Daily Mail, The New American, RT, Michelle Malkin, Rolling Stone, Sirius/XM's The Wilkow Majority, Shadowproof Press, The Daily Wire, The Daily Caller, and John Kiriakou; and as a Federal-Court litigant; I believe that the recent events were the proximate result of ~~the~~ contemporaneous entry of one or more of my filings on the public docket of the case, or the agents operating under both the defendants in the case and their common counsel Cheryl the "defendants' agents") reading my yet-to-be-entered filings dated Thursday, December 19th, 2019, during their unlawful extrajudicial content-based Executive discretionary pre-screening of my court filings ~~separately~~, or both.

8. The defendants' agents swapped one type of unlawful extrajudicial retaliation and obstruction for another, still aimed to dissuade me from litigating and sabotage my efforts, with the culpable intent of misleading The Court ~~that~~ into the ~~plain~~ mistaken belief that the issues I raised in my previous filings dated Monday, December 9th, 2019, and thereafter are moot when in fact they are not.

9. The defendants' agents continue to refuse my lawful request pursuant to the case for a phone call to The Clerk of The Court, so that I cannot alert The Honorable United States District Court Judge Paul G. Gardephe to their misconduct despite the obligations of the defendants' counsel under Local Civil Rule 1.5(b)(5) and New York Rule of Professional Conduct 1.16(b) - or perhaps more likely, those obligations and the violations thereof are precisely the reason why the defendants' agents are blocking me from calling The Court.

10. Today is the thirteenth (13th) day of my hunger-strike, protesting in part the denial of my requests to call The Court.

11. My resting blood pressure upon getting out of bed in the morning, as measured by the defendants' agents, was approximately 145/105 and I am not taking my prescription blood-pressure medication during my hunger-strike in order to demonstrate the strength of my resolve to call The Court, cease the retaliatory and obstructive conduct of the defendants' agents, and be made whole for what they have done with malice aforethought.

12. If the defendants' agents attempt to force-feed me - which they are again threatening to do - then I am liable to have a heart attack and enter cardiac arrest.

13. I have also decided that if agents of the defendants attempt to force-feed me, then in protest of the entire medical profession for its dishonorable tacit assent to such barbarism as we approach ~~the~~ the year 2020, I shall never again take my blood-pressure or any other pharmaceutical medication.

14. My requests for an Indiana State Health-Care Proxy (CHP) form and copies of the relevant patients'-rights documentation have been fruitless even though, I believe, ~~the~~ state-licensed medical professionals are mandated by law to provide to me and any other patient these documents upon request.

15. My requests to update my emergency-contact information with the FBOP have also been fruitless. Please see previous exhibits from other filings.

16. All of this has happened because the defendants' agents fervently wish to block or at least unduly delay The Court from hearing about their now-eleven-(11) straight months of unlawful extrajudicial obstruction, retaliation, degradation, and humiliation carried out to bring an end to my ~~political~~ Constitutionally-protected petitions, speech, and political journalism.

17. ~~On~~ During my medical evaluation on the morning of Friday, December 20th, 2019, Registered Nurse Worthington asked me when I expected to see the disciplinary-hearing officer-Cherem the "DHO".

18. I replied that I did not know.

19. An agent of the defendants confidently told R. N. Worthington (likely based upon his years of experience as a correctional officer-Cherem "CO") that it would almost certainly be after the holidays ~~that I see~~ <sup>that I see</sup> the DHO.

20. ~~Based upon~~ I have detailed in previous filings in the case the malicious and retaliatory actions of the defendants' agents on Monday, December 9th, 2019, when baselessly and frivolously they accused me of serious inmate misconduct ~~because I~~ ~~supposedly~~ supposedly because I provided notice pursuant D.C. Code §§ 13-421 et seq. and 16-1905.

21. My previous filings in the case describe how the defendants' agents' accusation against me was unnumbered and untimely, and therefore violated my right to Due Process; how my legal work relevant to my pending direct appeal in my criminal case was interrupted, confiscated, and obstructed at a critical juncture less than thirty (30) days before the briefing deadline when I was soliciting a new appellate attorney; and how I was placed in administrative ~~detention~~ segregation inside a cell without a desk or adequate sleep surface and wherein the only water source is known to be toxic to human life, ~~and insects~~ and cockroaches roam ~~uncontrolled~~ the corroded metal uncontrolled, among other issues.

22. Based upon the wording of the accusation and ~~my~~ years of training and experience I and others felt before the events in above-paragraph seven (7) that the defendants' agents intended, in prison parlance, "to drag me out back here," i.e. in solitary confinement and hamstring to litigate, for as long as possible before any DHO hearing and then to "drag me out" ~~for~~ a further-thirty (30) days pending a bogus so-called "threat assessment" before "dragging me out" yet <sup>longer</sup> ~~more~~ pending a retaliatory transfer - as ~~these~~ the defendants' agents have done in the past to many similarly-situated persons.

23. To be clear: I meant what I said and I said what I meant - as is my practice - in my letter to Senate Minority Leader Schumer, i.e. I do not wish to leave the communications-management unit (CMU) until whatever necessary changes are made to stop these units from being used illegitimately to squish the First Amendment rights of political prisoners to speech, protest, petition, association, and worship. That's why I co-wrote The CMU Series, the publication of which I eagerly await and expect prior to "Super Tuesday" but preferably after any possible Senate trial.

24. On Wednesday, December-18th, 2019, after advising me in writing that I could make a social telephone call to The Office of The Clerk of The Court, the defendants' agents answered my written request from Saturday, December-14th, 2019, seeking the appropriate phone number. Exhibit 3.

25. I immediately made a written request to add The Clerk's telephone number to my TRULIUS account if necessary and for a social call during normal business hours

to the Clerk's office, but I was unable to hand it over for processing until mail call the next day, Thursday, December 19th, 2019. Exhibit 4.

26. I had not and have not made any social call from this SHU.

27. One of the defendants' agents since confirmed to me that the phone number for the Office of The Clerk was indeed already approved in my TRULINCS and that my TRULINCS account was the source for the answer provided by the defendants' agents in Exhibit 3.

28. In a non-CMU SHU, absent intervening events, far more likely than not, I would have been able to call The Clerk on Friday, December 20th, 2019, and provided The Clerk's Office could accept a call from a federal prison, I would have been able to alert The Court to recent events and request an emergency hearing. While I believe based upon my training and experience that this fact is related to the actions and omissions of the defendants' agents after mail call on Thursday afternoon, December 19th, 2019, and that it affected their decision-making, I do not believe that it was causal like the events in above-paragraph seven (7), but rather that it narrowed their options to courses of conduct that would render me unable to call The Court.

29. Therefore I believe based on my training and experience ~~that~~ and with the benefit of hindsight, that sometime shortly after mail call on Thursday, December 19th, 2019, such time likely coinciding with the entry of at least one (1) of my Filings from the SHU onto the docket of the case, the imperatives of the agents of the defendants ~~from overt intimidation, shifted retaliation, coercion, and obstruction to~~ from overt retaliation, intimidation, degradation, humiliation, coercion, and obstruction to: first and foremost, work to undermine the accurate perception that they are retaliating against and blocking my ongoing litigation, so as to prevent The Court from interceding, if necessary by once again misrepresenting the facts ~~(please see my motion for sanctions)~~ to The Court (please see my motion for sanctions for examples of previous such misrepresentations); second, continue retaliating and obstructing my ongoing litigation under the guise of some other supposedly legitimate motive; third, avoid future legal liability for the tortious acts thus far committed; and fourth,

minimize scrutiny from the public and from my fellow political reporters and human-rights advocates.

30. Rather than make a social call to The Clerk of The Court on Friday, December 20th, 2019, I received a distinctly antisocial and passive-aggressive visit from a man who identified himself as an "alternate DHO," but who came off more like an unscrupulous lemon-slinging used-car salesman.

31. I believe based on my experience and training that the defendants' agents want the public and any reviewing court(s) to believe falsely that they used an "alternate DHO" because my demand pursuant to D.C. Code §§ 13-421 et seq. and 16-1905 explicitly named the usual suspects, i.e., Jason Bradley and the PREA monster known as Todd "The Terd Voyeur" Royce, and that it would have been a conflict of interest for either of them to handle the incident report. Such attempts to create an appearance of impartiality, however, were quickly belied by subsequent events.

32. DHOs are not supposed to be employees of the relevant individual facility but of the corresponding FBOP regional office. This too is meant to create a misperception of neutrality and detachment from the complaining staff member when no such neutrality exists.

33. I find it hard to believe that an alternate DHO ~~from~~ working for the Fairway regional office in Kansas City was available on such short notice and far more likely that he is an employee inside FCC Terre Haute.

34. Nonetheless ~~one~~ one of the defendants' agents explicitly stated later that he ~~worked~~ works for regional and I look forward to discovering the truth of the matter.

35. The alternate DHO Chereen "ADHO") was in a distinctive and unusual rush, as were others. It seems I quickly went from someone to be "dregged out back here" to a hot potato.

36. I noticed that out of the seventy (70) or so names listed on the copy of my ~~6 of 13~~ D.C. Code § 16-1905 demand carried by the ADHO, Jason Bradley was highlighted, lending credence to my assertion in above paragraph 31.

37. The ADHO told me that my staff representative of choice, Counselor B. Orr, declined to represent me, but I now believe that in reality the Counselor Orr ~~could not attend the same day hearing~~ agents of the defendants were in such a rush to find me guilty so they could get me out of the SHU and conjure a more effective facade to mask their retaliatory motives; that Counselor Orr simply could not with no prior notice attend the same day hearing that the defendants' agents had planned and that they sought tooth and nail not to delay - to the point where in so doing they obliterated their own facade.

38. The ADHO asked me if I had any alternates in mind for my staff representative and I told him that I had originally elected Officer S. Harvey, but that he had to decline because he can't be around DHO Jason Bradley. Since DHO Bradley wasn't presiding over the hearing, ~~however, it was my understanding that he could not~~ incident report any longer; however, I told the ADHO that ~~he could~~ Officer Harvey could likely now accept.

39. The ADHO left the SHU to go ask Officer Harvey to be my staff representative.

40. After representing me and another prisoner in disciplinary hearings before DHO Bradley on or about May 3rd, 2019, Officer Harvey caught DHO Bradley falsifying records and reported him. FBOP Regional Director Krueger and The Office of the Inspector General took no discernable corrective action against DHO Bradley and he remains in his position after falsifying records in order to railroad a prisoner. DHO Bradley then retaliated against Officer Harvey and again his misconduct was openly tolerated if not outright encouraged by Director Krueger. Supposedly to protect Officer Harvey from DHO Bradley - who arguably should not hold a position of trust due to his intentional falsification of Federal documents - but more likely to protect DHO Bradley and enable his continued commission of Federal felonies inside the FBOP's North Central Regional Office under the administration of Director Krueger, there is now a standing separation order for DHO Bradley and Officer Harvey that ensures that Officer Harvey is never again in the position to blow the whistle on DHO Bradley.

41. A ~~short~~ time later the ADHO returned to the SHU and told me that Officer Harvey declined again to be my staff representative. On Saturday, December 21st, 2019, I asked Officer Harvey why he declined to be my staff representative once DHO Bradley was no longer assigned to the hearing and he responded that even when DHO Bradley does not decide a particular incident report, he is still in charge of all disciplinary matters at the institution and that he, Officer Harvey, can never now be a staff representative. Officer Harvey's candid explanation shatters the facade in above-paragraph 31.

42. The ADHO then asked me if I had in mind other staff representatives.

43. I named another officer and without confirming with anyone else ~~or~~ or any documentation the ADHO told me he was unavailable because he works the ~~off second~~ <sup>second</sup> shift. (DHO hearings always take place ~~between~~ during first shift so only staff who work first shift can be staff representatives.)

44. I proceeded to name a string of other officers and ~~the ADHO~~ <sup>the ADHO</sup> off the top of his head the ADHO proceeded to tell me that each did not work first shift.

45. At one point the ADHO ~~proposed~~ asked me if I wanted the warden to appoint for me a staff representative which I declined.

46. While I was still trying to think of other possible staff representatives ~~the ADHO~~

46. I asked how long it would take for the warden to appoint a staff representative and the ADHO answered about a week.

47. I declined the appointment of a staff representative by the warden and continued thinking.

48. While I was still trying to think of other possible staff representatives, the ADHO declared that he would have the warden appoint one. ~~That he left the SHU.~~

8 of 13 49. Either the ADHO made up as he went along that all of my backup choices for staff representative did not work first shift, or, more likely, he knew all of their shift assignments because he is not in reality a regional employee

(who would not know the shift assignments of so many non-regional officers), but an employee of FCI Terre Haute - one whom seems to have been chosen in a rush and given specific marching orders. Either way, my due process rights ~~was~~ were violated, and I look forward to discovering the truth of the matter.

50. The ADHO also asked me if I wanted to call any witnesses or present any evidence.

51. I gave the ADHO the name of another prisoner who could testify to the falsehood of the charges and the untimeliness of the delivery of the incident report some three (3) days after the supposed incident. I told him that I wanted to present the relevant statutes and the surveillance footage showing that my accuser read and understood my D.C. Code §§ 13-421 et seq. and 16-1905 demand and responded to it orally on Friday, December 6th, 2019, but did not issue the incident report it was at least thirty-six (36) hours past the required twenty-four (24) hour window.

52. The ADHO told me that I could not present the statutes.

53. I noticed that the ADHO had a copy of my written request to Counselor Orr, dated Tuesday, December 17th, 2019, in which I requested that he present copies of my D.C. Code demand; 18 U.S.C. § 3621(c); D.C. Code §§ 16-1905, 13-421, 13-422, ~~13-423~~ and 13-423(a); ~~copies~~ Hanna v. Lane, 1987 U.S. Dist. LEXIS 16727, No. 84 C 1635 (W.D. Ind. 11, February 11th, 1987); ~~see~~ Williams v. Lane, 851 F.2d 867 (7th Cir. 1988); and an informative and credible article on long-arm statutes. Please see Exhibit S. I further note that when I submitted Exhibit S to the defendants' agents, the incident report had been numbered post-hoc (as happened ~~before~~ with the last incident report) and that I had signed paperwork confirming the election of Counselor Orr as my staff representative. This paperwork buttresses my belief in above-paragraph 37 that Counselor Orr did not decline but was forced off. I cannot herewith include this paperwork without risking the spoliation or other loss of my only copy thereof.

54. A short time after the ADHO left the SHU, a woman in plain clothes

whom I'd never met entered the SHU and introduced herself as my staff rep.

55. I replied that I thought it would take a week to get a worker-appointed staff rep.

56. She said that she guessed that they wanted hurry this one along.

57. Worker B. Lanmer was one of the addressees on my relevant D.C. Code demand. That it was he who appointed my staff rep and also her subsequent conduct further undermines the facade of impartiality noted in above-paragraph 31.

58. My worker-appointed staff ~~rep~~ asked me if there ~~was~~ were witnesses I wanted to call or evidence that I wanted to present.

59. I gave the same answers as I gave to the ADHD ~~but~~.

60. She provided a similar answer about not presenting the statutes.

61. I noted that if she ~~would~~ would not present the statutes, that I could print them from the law library, but that I wouldn't be able to use the library until ~~Monday~~ Monday and it would take some days after that for me to receive the printouts from education.

62. When it appeared she was leaving, she really was just beckoning the ~~ADHD~~ ADHD, who was hiding just outside the doorway snapping in on our conversation unbeknownst to me but beknownst to her.

63. At no point did she describe the potential ~~changes~~ consequences of the charges, as she was required to do. Exhibit 6 item 6.

64. At no point did she explain to me in advance the procedures for the hearing, as she should have done. Exhibit 6 item 7.

65. At no point did she give any indication that she - as opposed to the ADHD - spoke to my witness as she was required to do. Exhibit 6 item 2.

66. At no point did she notify the ADHD that she encountered difficulties ~~for~~ preventing her from functioning properly. Exhibit 6 opening paragraph.

10. FB 67. From that moment forward, when she beckoned the ADHD from behind the door that she knew but did not tell me was shielding him from view during our discussion, it became clear and clearer that she, the ADHD, the

warden who had appointed her so unusually fast and others were in cahoots and had already determined the outcome of the hearing before it started.

68. The supposed disciplinary hearing began when the ADHO stopped himing.

69. I advised the ADHO that I had just met my staff rep and that I had insufficient notice of the hearing. He feigned like I had plenty of notice.

70. In order to have sufficient notice to prepare a written statement, I needed my staff rep. to secure and share with me a statement from my witness and the written documentation I requested in Exhibit S, as well as to have reviewed the relevant surveillance footage. That's why in Exhibit S I specifically asked, "Can you please let me know prior to the DHO hearing whether or not you can secure this evidence?"

71. My staff rep neither secured nor presented ~~any~~ <sup>any</sup> of those things. She didn't even bring a notepad or pencil.

72. ~~At one point~~ The only comment she made during the hearing was to the effect that she was just there to make sure my rights weren't violated; but she didn't and they were. Further, that wasn't her role. Exhibit 6.

73. Generally, the role of a staff representative at FCC Terretauk "is to help the inmate present the best defense possible to the charged violations." Officer Harvey in fact does exactly that. Exhibit 6 opening paragraph. My warden-appointed staff rep was the functional equivalent of a potted plant.

74. My warden-appointed staff rep. was required to "assist me" in presenting whatever information I wanted to present and "in preparing a defense," i.e. a written statement. Exhibit 6 item 1. "This will require, in every case, consultations with the inmate." ID. item 1 (emphasis added). The relevant instructions explicitly require more than 1 consultation, i.e. one to find out what needs to be gathered and another going over the results. She never handed me a single sheet of paper.

75. Similarly, my warden-appointed staff rep. was supposed to "present" any evidence favorable to the inmate's defense, ID. item 4, but she never looked at or presented the camera footage that I requested.

76. My warden-appointed staff rep. eschewed the delay I requested to print

the relevant statutes, leaving me unable to prepare a written statement despite Id. opening paragraph and item 5.

77. I asked the ADHO to review the camera and audio footage but he refused. He insisted the accusation was timely when my witness and that footage proved the opposite.

78. Oddly, the ADHO had the statutes printed. I'm not sure why. Perhaps safe in the assumption that I had been preempted ~~from~~ by representatives ~~minimus~~ staffs minimus from preparing a written statement, he felt that he could use them against me. Or perhaps in some strange way he thought that after my written warning about the lack of qualified immunity, it would somehow help him avoid liability if he pretended to consider my argument and evidence - a formality entirely skipped by DHO Bradley.

79. Regardless, I showed him and he actually seemed to understand that the supposedly-offending language in my D.C. Cook demand came from § 16-1985 itself. I explained that if I didn't use that language, then anyone who received my demand could claim insufficient notice and that enforcing the incident report would neuter the statute, but it was clear that his secrecy depended on him acting as if he hadn't heard me.

80. I told him that the incident report was retaliatory, and that the last one had been untimely too. It was expunged after I largely served the sanctions. I told him that this was a repeated Due Process violation. It was like talking to a wall.

81. The ADHO never asked my staff rep. to leave for deliberations, Exhibit 6 item 8, because there were no deliberations and why would he ask her to leave? They are coconspirators. The fix was in before I met either of them.

82. ~~The~~ The ADHO never asked me if I had a written statement because he knew that he and his cohort made that impossible.

83. The ADHO never asked if I had anything else to say before he found me guilty. When he announced the sanctions it further confirmed the goal of the day; why they had rushed the whole process that day. He took twenty-seven days good time, fined me \$50, and took away my electronic messaging ~~to~~ and my phone privileges for forty-five (45) days.

84. This meant that they would let me out of the SHU - and that counsel for the defendants could tell The Court that I was no longer being subjected to the conditions therein; perhaps even tell The Court that I had been found guilty of extorting Federal employees; while omitting that I was still being blocked from telling The Court to contest whatever counsel might say.

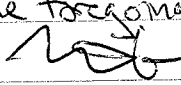

85. This also sabotages my direct appeal, for which I have a filing deadline before the next forty-five (45) days. I had been using electronic messaging - not for social communications - but ~~to~~ to communicate with attorneys. I had just solicited Brandon Sample, Esq., and I was awaiting his response when they brought me to the SHU.

86. Shortly after the ADHO and staff's representatives left the SHU, my accuser and the unit's intelligence officer came in with a food tray even though it wasn't mealtime. They offered to let me out of the SHU if I took the tray. My guess is that their superiors were waiting to relay confirmation to counsel for the defendants that he could assure The Court that my motion for an order to show cause is moot. There was no "threat assessment" even though my accuser claimed she felt threatened.

87. But my motion is not moot. The retaliation continues, albeit more covertly than before. The bullies continue their retaliation, intimidation, and coercion under the guise that it is they who are being coerced and intimidated. The victimizers play victim. It's one of the oldest tricks in the book. It's exactly what Justine's tormentors did when the truth was coming out.

88. I refused the tray. Not until I call The Court I told them

89. I will use my last stamps to mail this filing and other filings in other cases. I do not know that I will get more. They skipped my commissary again ~~last~~ last week. I want it noted during my apparent silence - the rosier the picture painted by the defendants' counsel for The Court, the more I wish for the Court to hear me in opposition.

I declare under the penalty of perjury under the laws of The United States that the foregoing is true and correct. Executed on Sunday, December 22nd, 2019.

DUTIES OF STAFF REPRESENTATIVE CDFRM

AUG 11

U.S. DEPARTMENT OF JUSTICE

FEDERAL BUREAU OF PRISONS

FCC Terre Haute, IN  
Institution

TO: All Staff Representatives

FROM: Complex Warden

There may be questions as to just which part an employee takes when that employee serves as staff representative for an inmate who appears before the DHO. Generally, your role is to help the inmate present the best defense possible to the charged violations. The Warden, the DHO, the reporting officer, investigating officer, a witness to the incident, and UDC members involved in the case may not act as staff representative. If, during your representation, you encounter difficulties which you believe will prevent you from functioning properly, you should notify the DHO of this, and he/she will excuse you if there is a good reason to do so.

(1) You are to assist the inmate in presenting whatever information the inmate wants to present and in preparing a defense. This will require, in every case, consultations with the inmate, and familiarity with the Inmate Discipline Program Statement.

(2) You are to speak to witnesses who might furnish evidence on behalf of the inmate, if the inmate indicates there are such witnesses whom the inmate wishes to have called. You may question witnesses requested by the inmate who are called before the DHO.

(3) You should become familiar with all reports relative to the charge against the inmate. Confidential or security information must of course be protected and may not be shared with any other person, including inmates, staff, visitors, attorneys, etc. Any request for confidential information should be directed to the DHO.

(4) You should present any evidence favorable to the inmate's defense.

(5) You should present information which may assist the DHO and which may obtain a lesser sanction for the inmate. If you believe you need additional time to pursue any of the functions, you may request a delay in the hearing from the DHO, but ordinarily only after you have the concurrence of the inmate to do this.

(6) You are to help an inmate understand the charges and the potential consequences.

(7) You should be familiar with procedures at the hearing, explain them to the inmate in advance, and, if necessary during the hearing, assist the inmate in understanding procedural points.

(8) You should not be present during deliberations by the DHO. An exception would be where you have read confidential information, and want to discuss that with the DHO outside the inmate's presence. In that case, you will have to explain to the inmate, in general terms, what you are doing, and you should leave the room as soon as that function is over.

(9) If the inmate asks you to assist in writing an administrative appeal from the DHO action, you should assist the inmate in doing so.

I have read the "Duties of Staff Representative" and (agree) (do not agree) to serve as staff representative for inmate GRIFFIN, [illegible], reg. no. 12982-104 in the inmate's appearance before the DHO. I do / do not agree for the following reason
